

# BRANDT® Organics SKH Sticker Premium Spray Adjuvant

BRANDT ORGANICS SKH STICKER is a premium spray adjuvant that enhances the effectiveness of agricultural insecticide, insect growth regulator, fungicide, and post-herbicide spray applications by increasing retention and resisting rain and irrigation wash-off.

## Key Benefits

- Dry formulation is versatile and easy to use. One 5-pound bag typically used per 500 gallon spray tank.
- Enhances the activity of microbial bio-pesticides by providing a food source.
- Improves adhesion without altering active ingredients solubility or structure.
- No ringing of fruit or phyto concerns. pH neutral.
- Pollinator safe and OMRI Listed for organic use.

## Simulated Tank Mix SKH & Actinovate

This product may only be sold in states where registered or where registration is not required. For information regarding product availability in your area, please contact Brandt Consolidated, Inc.

## Principle Functioning Agents

Bentonite, Lactose, Casein	69%
Constituents Ineffective as Spray Adjuvant	31%
Total	100%

## Application Recommendations

Specific use rates will vary with conditions of application such as water hardness, application method, equipment, spray droplet size, condition of foliage, etc. Also, higher rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume.

### Ground:

*With insecticides and insect growth regulators:* Use 3/4 lb. per 100 gallons of spray solution. *With fungicides and herbicides:* Use 1-2 lb. per 100 gallons of spray solution.

### Aerial:

Use 2-3 lb. per acre in a minimum of 10 gallons of spray solution.
