		0.9% Water soluble zinc (Zn)	

Derived from urea, magnesium nitrate, iron nitrate, manganese nitrate, zinc nitrate and sodium borate

### **General Information**

Although formulated specifically for vegetables, this product may be used on all field, row, fruit, tree, vine and ornamental crops for the prevention and correction of micronutrient deficiencies.

#### Rate Recommendations

**Ground Application**: Use 3-6 liters per hectare. More frequent applications of 3.5 liters per hectare may be needed to correct deficiencies once they occur.

**Aerial Application:** Use 1-2 liters per hectare. Multiple applications are recommended for best results.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather

2014-04 Lot No: Distributed by: NEWPORT - FERSAN (JAMAICA) LTD. Newport East, Kingston 15, Jamaica Tel. (876) 967-5815 Fax (876) 948-3772 Email: info@newportfersan.com

Net Contents: 10 L per bottle Packed 2 x 10 L conditions, time of year, general crop health and crop species. For best results, follow soil test or plant analysis recommendation.

## **Mixing and Handling Instructions**

Apply in a minimum of 100 liters water per hectare for ground spray equipment or 20 liters water per hectare for aerial application. BRANDT MANNI-PLEX FOR VEGETABLES may also be applied via drip or sprinkler fertigation.

Put 1/3 to 2/3 of total required water volume in tank. Add adjuvants, fer tilizers, and pesticides if desired and agitate until thoroughly mixed. Add recommended amount of this product and agitate until thoroughly mixed. Fill tank with remainder of water.

Caution: Check chemical mixture compatibility using a jar test prior to application. Be cautious when mixing with phosphate solutions.

WARNING: This product is recommended for all crops where boron may be deficient; however overapplication may result in serious injury to susceptible crops.

# **CAUTION: KEEP OUT OF REACH OF CHILDREN**

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
