

N-Boron[®]

Foliar Boron Solution

5-0-0

Guaranteed Analysis

Total Nitrogen (N).....	5.0%
5.0% Urea nitrogen	
Boron (B).....	3.3%
3.3% Water soluble boron	

Derived from urea and boric acid.

F76

General Information

N-BORON is designed for application to all field, row, vegetable, fruit, tree and vine crops, and ornamentals for the prevention and correction of boron deficiency when used as part of a balanced fertility program.

Rate Recommendations

Field, Row, Vegetable, Fruit, Tree and Vine Crops: Apply 1-4 pints per acre per application throughout the growing season. At least 2 applications are recommended. More frequent applications at 1.5 quarts per acre may be needed to correct deficiencies once they occur.

Ornamental Crops: Apply 1-4 pints per 100 gallons water. Cover foliage thoroughly to point of runoff.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general crop health and crop species. For best results, follow soil test or plant analysis recommendation.

Mixing and Handling Instructions

Apply in a minimum of 10 gallons water per acre for ground spray equipment or 2 gallons water per acre for aerial application. N-BORON may also be applied via drip or sprinkler fertigation.

Net Contents: 2.5 gallons (9.46 liters)

Density: 9.6 lb/gal @ 68°F

Net Weight: 23.7 lb (10.7 kg)

Packaged: 2 x 2.5 gallons (9.46 liters)

2016-01 (GHS)

Put 1/3 to 2/3 of total required water volume in tank. Add adjuvants, fertilizers and pesticides if desired and agitate until thoroughly mixed. Add recommended amount of this product and agitate until thoroughly mixed. Fill tank with remainder of water.

Check chemical mixture compatibility using a jar test prior to application. Be cautious when mixing with phosphate solutions.

WARNING: N-BORON is recommended for all crops where boron may be deficient; however overapplication may result in serious injury to susceptible crops.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm> Information about the components of this lot of fertilizer may be obtained by writing to Brandt Consolidated, Inc. and giving the lot number which is found on the container or label.

WARNING: Suspected of damaging fertility or the unborn child.

Precautionary Statements: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear eye/face protection and protective gloves/clothing. **First Aid:** If exposed or concerned, get medical attention. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store locked up. Dispose of contents/container in accordance with local authority regulations.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
