**GENERAL INFORMATION:**

Saf-T-Side™ 800 EL is a spray oil emulsion miticide/ insecticide for the control of Spidermites and Whiteflies on Roses and Tomatoes; Aphids and Whiteflies on French beans.

**Mode of action:** Saf-T-Side™ 800 EL acts primarily through the suffocation of eggs, larvae, nymphs and adults of insects and mites.

**Preparation of spray mixture:** Half fill the spray tank with water. Add the required amount of Saf-T-Side™ 800 EL and mix while stirring or agitating. Fill the water to the required level and continue with stirring or agitation until the mixture is thoroughly uniform. Ensure that the mixture is used the same day.

**RATES OF APPLICATION:**

Crops	Pests	Rate
Roses, Tomatoes	Spidermites, Whiteflies	3-4 Lt/Ha in 1000L of water; 80ml in 20 L of water
French beans	Aphids, Whiteflies	

~ Application rate - refer to the attached warranty leaflet - section A ~
