

BRANDT® Plant Start

Concentrated Liquid Plant Food

8-27-2

Guaranteed Analysis

Total Nitrogen (N).....	8.0%
8.0% Ammoniacal nitrogen	
Available Phosphate (P ₂ O ₅)	27.0%
Soluble Potash (K ₂ O)	2.0%
Molybdenum (Mo).....	0.001%
0.001% Water soluble molybdenum	

Derived from ammonium phosphate, potassium polyphosphate, sodium molybdate and kelp extract (*Ascophyllum nodosum* and Potassium Hydroxide*).

*Potassium Hydroxide as an extraction agent

F76

General Information

BRANDT PLANT START is a concentrated liquid plant food enriched with seaweed extract, formulated to promote early growth and healthy root systems. This product is recommended for use as a supplement to a well balanced fertilizer program and is not meant to be a substitute for good cultural practices.

Rate Recommendations

Field, Row and Vegetable Crops: Use 3-4 quarts per acre in planting or transplant water applied with seeder, plug mix or transplant machine.

Fruit, Tree and Vine Crops: Mix 2-4 quarts in 100 gallons of water. Use 1 gallon of solution for each plant at time of planting. For larger trees and shrubs, use 1 gallon of solution for each inch of trunk diameter.

Fine Turf (Warm or Cool Season Turfgrasses)

For professional use, apply every 14-28 days, as needed.

Putting Greens and Tees

Maintenance: 3-9 fl oz per 1,000 sq ft or 1-3 gal per acre.
Overseeding: 3-9 fl oz per 1,000 sq ft or 1-3 gal per acre, applied every 14-28 days after germination and plants have reached the 3 tiller phase. Most effective when used as part of an overall overseeding nutritional program.

Fairways, Sports Turf and Lawns

Maintenance: 6-12 fl oz per 1,000 sq ft or 2-4 gal per acre.
Overseeding: 3-9 fl oz per 1,000 sq ft or 1-3 gal per acre, applied every 14-28 days after germination and plants have reached the 3 tiller phase. Most effective when used as part of an overall overseeding nutritional program.

Ornamental Plants

Tree and shrub maintenance: For deep root feeding inject 0.5-1 gal per 100 gal of water per inch of trunk diameter at chest height. Apply 1-2 gal per 100 gal of water as a drench. Apply drench throughout the year or during drought stress conditions.

Net Contents: 2.5 gallons (9.46 liters)

Density: 11.7 lb/gal @ 68°F

Net Weight: 29.0 lb (13.1 kg)

Package: 2 x 2.5 gallons (2 x 9.46 liters)

2024-09

Optimum rate of application will vary depending on treatment interval, soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and its nutrient requirements. For best results, follow soil/tissue test recommendation.

Mixing and Handling Instructions

SHAKE WELL. Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

ATTENTION: The application of fertilizing materials containing molybdenum (Mo) may result in forage crops containing levels of molybdenum (Mo) which are toxic to ruminant animals.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rains are expected. Apply this product only to your lawn/garden. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices.

In Virginia, this lawn fertilizer, which contains phosphorous, is intended only for nonagricultural use on (i) turf during its first growing season, (ii) turf areas being repaired or renovated, and (iii) turf where a soil test performed within the last 3 years indicates a phosphorous deficiency. This fertilizer is not intended for the routine maintenance of turf.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfc.org/metals.html>

Information about the components of this lot of fertilizer may be obtained by writing to BRANDT Consolidated, Inc. and giving the lot number which is found on the container or label.

Precautionary Statements: Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Dispose of contents/container in accordance with local authority requirements.
