

BRANDT® Uptake® NIS 90

Nonionic Surfactant

BRANDT Uptake NIS 90 is a nonionic surfactant formulated with super-wetting organo-siloxane technology. It rapidly reduces surface tension for superior spreading, wetting, and penetration - ensuring that every drop of your spray mix counts. APE and NPE free, this product is effective and ideal for a wide range of tank mix programs.

Key Benefits

- Improves leaf wetting
- Enhances coverage of the spray application
- Fast-acting super spreader
- NPE and APE free

Principal Functioning Agents:

Polyether Modified Siloxanes and Polyvinyl Alcohol	90%
Constituents Ineffective as Spray Adjuvant:	10%
Total	100%

APE and NPE Free
All ingredients are exempt from tolerance requirements under 40 CFR 180.1001(d)

Application and Use

Use 1-2 quarts per 100 gallons of water. Read and follow the precautions, restrictions, and recommendations on the labels for pesticides used with this product. Use according to the most restrictive label directions for each product in any tank mix. This product may be used on agricultural, forestry, turf and ornamental and non-crop land sites.

This may only be sold in states where registered or where registration is not required. For information regarding product availability in your area, please contact Brandt Consolidated, Inc.
