

BRANDT® Torpedo® Plus

Drift Reduction + Deposition Technology

BRANDT Torpedo Plus is a proprietary adjuvant blend with advanced drift reduction and canopy deposition technology. This methylated seed oil-based formula enhances spray performance by minimizing drift, improving droplet deposition, and helping actives stay on target for better coverage and efficacy.

Key Benefits

- Reduces physical drift and off-target movement
- Improves spray deposition and canopy penetration
- Enhances surface retention on target foliage
- Helps maintain uniform droplet size for better control
- Compatible with herbicides, insecticides, and fungicides
- Safe for aerial and ground application (APE/NPE Free)

This may only be sold in states where registered or where registration is not required. For information regarding product availability in your area, please contact Brandt Consolidated, Inc.
