

# BRANDT® Organics Umbrella Extender/Sticker

BRANDT Organics Umbrella is an extender and sticker that improves pesticide and soluble fertilizer performance by forming a soft film on plant surfaces. This film enhances adhesion and protects against rain wash-off, UV degradation, and volatility. For best results, apply at least one hour before rain to allow sunlight to set the film. NOT FOR AQUATIC USE.

## Key Benefits of BRANDT Organics Umbrella

- Compatible with most crop protection chemicals
- Formulated for easy pouring and mixing
- Offers improved spray application spreading
