Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product can only be export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where into not permitted. Growers should talk to their grain handler or product purchaser to confirm Windsanto representative for the registered traited mark of Biotechnology Industry Organization. B.t. products may not yet be registered in all the registered traits. Check with your Monsanto representative for the registeration status in a significant pest. Genuity® RIB Complete® corn is a blended seed corn product. See the IRMiGrower Guide for additional information. Always read and follow IRM requirements. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® crops contain genes that confert betarance to glyphosate, the active ingredient in Roundup® brand agricultural herbicides. Roundup® and SmartStax® are trademarks of Monsanto Technology LLC. LibertyLink and the Water Droplet Design® is a registered trademark of Dow AgorGenees LLC. All other trademarks are the property of their respective owners. ©2014 Monsanto Company.
