

BRANDT® HomeLAND® Corn

Seed Fluency with Micronutrients

BRANDT HomeLAND Corn is a premium, premixed treatment for your corn seeds. This unique formulation blends an 80/20 talc graphite and micronutrient mix with cutting-edge shield technology, ensuring the efficacy and longevity of the inoculants, promoting early vigor, and uniform germination. This product not only elevates the quality of your corn seed but also simplifies the application process.

Guaranteed Analysis

80/20 TALC, GRAPHITE AND MICRONUTRIENT BLEND
