

## BRANDT Smart P

# Advanced Nutrient Delivery Technology

BRANDT Smart P is a foliar phosphate formulation built on proven BRANDT® Smart System® technology. This 4-24-0 solution delivers readily available phosphorus through a protected delivery platform designed to improve nutrient uptake and in-plant mobility. Engineered for use in complex tank mixes, BRANDT Smart P helps ensure phosphorus remains available in the spray solution and efficiently reaches the crop's growing points to support in-season performance.

### Key Benefits of BRANDT Smart P

- **Protected Nutrient Delivery:** Smart System technology helps prevent nutrient tie-up in the tank, supporting consistent delivery into the plant
- **Targeted Nutrient Support:** Provides readily available phosphorus to support energy transfer, sugar movement and overall plant development
- **Enhanced Uptake and Mobility:** Designed to improve foliar absorption and support movement to active growing points
- **Tank Mix Compatible:** Low salt index formulation designed for complex tank mixes to support crop safety and consistent nutrient delivery

### Guaranteed Analysis

4-24-0

Nitrogen (N) .....	4.0%
4.0% Other water soluble nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) .....	24.0%

### Plant Nutrient Functions

The nutrient composition is selected to support key physiological processes in crops:

**Phosphorus:** Supports energy transfer within the plant and contributes to sugar movement, dry matter production and key metabolic processes throughout the growing season

### Application Recommendations

*Field, Row, Vegetable and Vine Crops:* Apply 1 to 3 quarts per acre per application throughout the growing season. More frequent applications at 1 pint per acre may be needed to correct deficiencies once they occur.
