

**FIRST AID**  
**HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE**  
**IF SWALLOWED:**

- Call a poison control center, doctor, or 1-877-854-2494, or 1-800-858-7378\*\* immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.

**IF ON SKIN OR CLOTHING:**

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center, doctor, or 1-877-854-2494 immediately for treatment advice.

\*\* Also call this number for information on health concerns and pesticide incidents.

**NOTE TO PHYSICIAN**  
 If swallowed or absorbed through the skin, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K<sub>1</sub> intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times.

**TREATMENT FOR PET POISONING**  
 If animal eats bait, call veterinarian at once.  
**NOTE TO VETERINARIAN**  
**Anticoagulant Bromadiolone:** For animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), give Vitamin K<sub>1</sub>. If needed, check prothrombin times every 3 days until values return to normal (up to 30 days). In severe cases, blood transfusions may be needed.

**DIRECTIONS FOR USE**  
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions. Use only for sites, pests, and application methods described on this label.  
**IMPORTANT:** Do not expose children, pets, or nontarget animals to rodenticides. To help prevent exposure:

1. Store unused product out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents access by children from reaching into bait compartments and obtaining bait. If bait must be shaken into bait stations when they are lifted, units must be sealed or otherwise immobilized. Stronger bait stations are needed in areas where wild animals, such as raccoons, bears, or other potentially destructive animals, or in areas where wild animals are known to be present.
3. Dispose of product container and unused bait, spilled, or unopened bait as directed on this label.

**Note:** Bait stations are made for outdoor use. Tamper-resistant bait stations must be used if children, non-target mammals, or birds may access the bait.

**USE RESTRICTIONS:** For use to control Norway rats, roof rats and house mice in and within 100 feet of agricultural buildings and man-made agricultural structures constructed

**MOTOMCO FARM & RANCH**

**HAWK**  
 All-Weather  
**BAIT CHUNX**

**KILLS RATS & MICE**

**KILLS WARFARIN RESISTANT NORWAY RATS**

Norway rats, roof rats, and house mice may consume a lethal dose in a single feeding with first dead rodents appearing four or five days after feeding begins.

ACTIVE INGREDIENT: Bromadiolone 0.005%  
 OTHER INGREDIENTS: 99.995%  
 \*Contains Denatonium Benzoate 0.000%

**KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS**

See label for First Aid and additional precautionary statements.  
**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.  
**Pesticide Storage:** Store in original container in a cool, dry place inaccessible to children and pets. Keep container closed away from other chemicals.  
**Pesticide Disposal:** Waste resulting from the use of this product may be placed in trash or delivered to an approved waste disposal facility.  
**Container Handling:** Nonrefillable container. Do not reuse or refill this container. [Plastic:] Offer for recycling if conditioning; or puncture and dispose of in a sanitary landfill; or by incineration. In most states, open burning is not allowed.

**WARRANTY:** To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

**MADE IN USA**

**DIRECTIONS FOR USE** (Continued from other panel)  
 in a manner so as to be vulnerable to contact with bait stations and/or to harboring or attracting rodent infestations. Fence and perimeter baiting, beyond 100 feet from agricultural structure as defined above, is prohibited. This product must not be applied to the soil or feed crops.

Burrow baiting with HAWK All-Weather Bait Chunx is prohibited.  
 Do not use in or near human residences. Do not use near or inside ventilation duct openings. Do not contaminate water, food, feedstuffs, and food handling equipment, or milk or meat handling equipment on surface. Do not direct contact with food. Do not broadcast bait. When used in USDA inspection areas, this product must be applied in tamper-resistant bait stations.  
 Do not sell this product in individual containers holding less than 8 pounds of bait.

**SELECTION OF TREATMENT AREAS:** Determine areas where rats or mice will most likely find and eat the bait. Generally, these areas are along walls, by gnawed openings, in corners and unsealed cracks, between floors and walls, or in locations where rats and mice or their signs have been seen. Protect bait from rain and snow. Remove as much alternative food as possible.

**APPLICATION DIRECTIONS:**  
**RATS:** Place 3 to 16 bait blocks (at intervals of 15 to 30 feet) per placement in infested areas. Maintain an uninterrupted supply of fresh bait for at least 10 days or until signs of rat activity cease.  
**HOUSE MICE:** Place 1 block per placement. Space placements at 8 to 12 foot intervals in infested areas. Two blocks may be needed at points of very high mouse activity. Maintain an uninterrupted supply of fresh bait for at least 15 days or until signs of mouse activity cease.  
**FOLLOW-UP:** Replace contaminated or spoiled bait immediately. Wearing gloves, collect and dispose of all dead, exposed animals and leftover bait. To prevent reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish as needed.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION:** Harmful if swallowed or absorbed through the skin. Keep away from children, domestic animals and pets. Do not get in eyes, on skin or on clothing.  
 All handlers (including applicators) must wear shoes plus socks, and waterproof gloves. Any person who retrieves carcasses or unused bait following application of this product must wear gloves.

**User Safety Requirements**  
 Follow manufacturer's instruction for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco or using the toilet and change into clean clothing.

**ENVIRONMENTAL HAZARDS**  
 This product is extremely toxic to fish, birds and other wildlife. Dogs and predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff also may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or rinseate.
