

Brandt® Converge SRN 18-3-6

Slow Release Nitrogen Foliar Nutrient

18-3-6

Low Phosphate Fertilizer

Guaranteed Analysis

Total Nitrogen (N)	18.00%
0.6% Nitrate nitrogen	
12.0% Urea nitrogen	
5.4% Other water soluble nitrogen*	
Available Phosphate (P ₂ O ₅)	3.00%
Soluble Potash (K ₂ O)	6.00%
Copper (Cu)	0.50%
0.50% Chelated copper	
Iron (Fe)	0.10%
0.10% Chelated iron	
Manganese (Mn)	0.05%
0.50% Chelated manganese	
Zinc (Zn)	0.05%
0.05% Chelated zinc	

Derived from potassium nitrate, triazone, methylene urea, urea, potassium polyphosphate, copper EDTA, iron EDTA, manganese EDTA and zinc EDTA.

* 5.4% Slowly available nitrogen from triazone and methylene urea.

General Information

BRANDT CONVERGE SRN 18-3-6 brings it all together in one highly efficient, foliar nutritional product. The fully chelated micronutrient package can be taken up either by foliar or soil absorption. The unique blend of ingredients provides instant greening to turfgrasses without rapid top growth.

Rate Recommendations

For best results, apply twice a month as a foliar spray early in the morning, or late in the day. Allow foliar sprays to dry thoroughly before irrigation to insure even foliar uptake.

For Warm or Cool Season Turfgrasses:

Maintenance: 130 mL per 100m² or 12 L/Ha.

Renovation: 190 mL per 100m² or 18 L/Ha.

Overseeding: 260 mL per 100m² or 24 L/Ha, applied at least semi-monthly after seeds have begun to germinate. Most effective when used as part of an overall overseeding nutritional program.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general plant species and health. For best results, follow soil/tissue test recommendation.

Mixing and Handling Instructions

Fill spray tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until spray solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

WARNING: This fertilizer contains copper, iron, manganese and zinc and should be used only as recommended. It may prove harmful when misused.

Precautionary Statements: Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wash hands thoroughly with water after handling. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Dispose of container and unused contents in accordance with federal, provincial, and local requirements.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.

Net Contents: 9.46 liters (2.5 gallons)

Net Weight: 11.6 kg (25.7 lb)

Packaged: 2 x 9.46 liters (2.5 gallons)
