

Brandt® FertiGreen™

For Superior Turfgrass Color & Performance

Guaranteed Analysis

Magnesium (Mg)	2.0%
Sulfur (S)	13.0%
Iron (Fe)	15.0%
Manganese (Mn)	4.0%

Derived from magnesium sulfate, ferrous sulfate, manganese sulfate.
F76

General Information

BRANDT FERTIGREEN is intended for use on fine turfgrasses to provide quick and excellent turfgrass color and quality, without excess shoot growth. Highly available manganese and magnesium will improve turfgrass performance by increasing chlorophyll production. Improved photosynthetic efficiency has the potential to maximize carbohydrate production and turfgrass vigor. BRANDT FERTIGREEN is safe for use on all fine turfgrasses when used as part of a balanced nutrient management program.

Rate Recommendations

For professional use on actively growing turf, apply 4-12 lb BRANDT FERTIGREEN per acre (1.5-4.5 oz per 1000 sq ft) monthly, or as needed. Use a minimum of 88 gal of water per acre (2 gal per 1000 sq ft) to ensure adequate coverage. For best results, apply early morning or late afternoon.

Optimum rate of application will vary depending on turfgrass species and its nutrient requirements, treatment interval, soil properties (such as pH, organic matter content, texture), weather conditions, and time of year. Fine tune application rates based on soil and tissue test analysis.

Mixing and Handling Instructions

Fill spray tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. BRANDT FERTIGREEN is compatible with most fertilizers, plant growth regulators, and crop protectants. Check chemical mixture compatibility using a jar test prior to application.

BRANDT FERTIGREEN will stain porous surfaces including concrete, wood and metal when exposed to free moisture such as water. Contact with these surfaces should be avoided.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn/garden. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

Information about the components of this lot of fertilizer may be obtained by writing to Brandt Consolidated, Inc. at the address below and giving the lot number which is found on this bag/label.

DANGER: Causes serious eye damage. Causes skin irritation. May cause damage to organs through prolonged or repeated exposure.

Precautionary Statements: Wear eye/face protection and protective gloves. Do not breathe dust. Wash thoroughly after handling. Avoid release to the environment. **First Aid:** *If in eyes:* Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. *If on skin:* Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical attention. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Dispose of contents/container in accordance with local regulations.
