

# GreenPIG™ Ultra

## PIGMENT ADDITIVE

***This formulation is designed to enhance and extend aesthetic turf appearances.***

**GreenPIG™ Ultra** delivers performance in all seasons and is engineered with the very best pigments in the industry. Safe for all varieties of grass and less chance for blue overtones on Semi-Dormant turf. Reduce over-seeding cost and enjoy month long color performance. The deeper color of **GreenPIG™ Ultra** will increase the reflectance of potentially damaging near infrared (NIR) light providing enhanced stress tolerance. **GreenPIG™ Ultra** is compatible with all popular actives and pump seal friendly. Use as a standalone pigment or as a long term pattern indicator. Maintain constant agitation during batching and during spray application. **GreenPIG™ Ultra** is also ideal for **Semi-Dormant Turf Programs**.
