Brandt® Mark-It Red

DIRECTIONS FOR USE

BRANDT MARK-IT RED is a concentrated red colorant designed to be a temporary spray indicator for use with pesticide and other liquid spray solutions. It provides highly visible evidence of spray application patterns. Use of this product eliminates waste due to overlapping and skipping while indicating drift and improper application.

BRANDT MARK-IT RED readily dissipates, is non-toxic, and totally compatible with water soluble solutions. This product is ideal for golf courses, parks, cemeteries, athletic fields, lawn care maintenance, utility rights-of-way, forestry and any large turf or grass areas – virtually anywhere where spray evidence is needed. BRANDT MARK-IT RED will not permanently stain vegetation, soil, or human skin and can be used with boom-sprayers, riding equipment, back-pack or wand sprayers.

BRANDT MARK-IT RED should be added to the spray tank when it is approximately half full. Use one quart for each 75-100 gallons of spray solution, or one gallon for each 300-400 gallons of spray solution. When using hand-held or back-pack sprayers (i.e. 3-5 gallons), use one ounce per gallon.

The above rates are approximations. Turf or weed color, height, and individual water conditions such as hardness, pH, iron content, etc. may dictate variations from the above suggested rates. Sight adjustment is recommended. Test for required concentration before use and adjust as needed.

If accidentally spilled, this product can be removed from skin or equipment with several washings of soap and water. Avoid letting concentrate come into contact with fabrics.

LIMITED WARRANTY: Brandt Consolidated, Inc. ("BCI") warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. BCI and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product. To the extent allowed by law, BCI and the Seller shall not be liable to the Buyer or User of this Product for any consequential, special, incidental or indirect damages.
