

April-October Turf Grass Nutrition

BRANDT Summer Success Foliar Kit

Keep turf grass looking and performing its best with BRANDT's Summer Success program. The carefully selected line up of MANNI-PLEX® high performance foliar nutrients and specialty nutritionals was designed to promote strong root systems and root mass, which improves nutrient and water uptake and helps turf better withstand summer heat and drought stress, and regular foot traffic.

Application Timing	Product	Analysis	Application Rate	# of Cases
Week 1	MANNI-PLEX TOTAL TURF	5-0-0, 1.2% Mg, 2.85% Fe, 0.45% Mn, 0.65% Zn	3 oz / 1000 sq ft	1
	MANNI-PLEX MG	5-0-0, 4% Mg	3 oz / 1000 sq ft	1
	BRANDT® CONVERGE SRN 30-0-0	30-0-0	3 oz / 1000 sq ft	2
Week 2	FOLI-CAL®	5-0-0, 10% Ca	3 oz / 1000 sq ft	3
	MANNI-PLEX EAGLE	7-0-14, 0.5% Fe, 0.25% Mn	3 oz / 1000 sq ft	1
	BRANDT® IN-CYTE	3-12-0 enriched with seaweed extract, humic acid and a wetting agent	3 oz / 1000 sq ft	1
Week 3	FOLI-CAL	5-0-0, 10% Ca	3 oz / 1000 sq ft	1
	MANNI-PLEX ROOT BUILDER	3-0-0, 0.5% Mg, 0.2% B, 0.05% Cu, 0.9% Mn, 4.7% Zn	3 oz / 1000 sq ft	
	BRANDT CONVERGE SRN 30-0-0	30-0-0	3 oz / 1000 sq ft	
Week 4	FOLI-CAL	5-0-0, 10% Ca	3 oz / 1000 sq ft	1
	MANNI-PLEX MN	7-0-0, 5% Mn	3 oz / 1000 sq ft	
	MANNI-PLEX ULTRA TURF	4-0-2, 0.5% Mg, 0.25% B, 0.5% Cu, 2% Fe, 0.5% Mn, 0.25% Mo	3 oz / 1000 sq ft

MANNI-PLEX High Performance Foliar Nutrition

BRANDT MANNI-PLEX Technology greatly increases the absorption and movement of nutrients through the leaf cuticle to internal leaf structures.

- Convenient liquid form allows for easy foliar application
- Nutrients are immediately available to the plant
- Proprietary formulation coats leaves and sticks to the surface, making nutrients available longer
- High performance molecule allows more nutrients to penetrate the leaf cuticle and move through the plant
- Can be tank mixed with most insecticides, fungicides and PGR's
