

BRANDT Mega Summer Success Kit

Help greens withstand the tough and stressful conditions of summer with BRANDT's Mega Summer Success Kit. The carefully selected line up of MANNI-PLEX® high performance foliar nutrients combined with BRANDT iHammer's MEGALEX® was designed to promote strong root systems and helps turf better withstand summer heat, drought stress and heavier foot traffic in both sun and shaded areas.

MegAleX from BRANDT iHammer

MEGALEX is a liquid foliar formulation that helps build strong, green, vibrant turf for optimal course playability. It is an excellent tool for improving turf growth and appearance in both sun and low light shade areas.

- Soluble nitrogen source for efficient plant use
- Optimizes turf color and performance
- Increases turfgrass vigor under environmental stress
- Effective in both sun and shade areas
- Compatible with most fertilizers, pesticides and adjuvants
