

Brandt™ Converge SRN 18-3-6

Slow Release Nitrogen Fertilizer

18-3-6

Guaranteed Analysis

Total Nitrogen (N)	18.00%
0.6% Nitrate nitrogen	
12.0% Urea nitrogen	
5.4% Other water soluble nitrogen*	
Available Phosphate (P ₂ O ₅)	3.00%
Soluble Potash (K ₂ O)	6.00%
Copper (Cu)	0.05%
0.05% Chelated copper	
Iron (Fe)	0.10%
0.10% Chelated iron	
Manganese (Mn)	0.05%
0.05% Chelated manganese	
Zinc (Zn)	0.05%
0.05% Chelated zinc	

Derived from potassium nitrate, triazone, methylene urea, urea, potassium polyphosphate, copper EDTA, iron EDTA, manganese EDTA and zinc EDTA.

* 5.4% Slowly available nitrogen from triazone and methylene urea.

General Information

BRANDT CONVERGE SRN 18-3-6 brings it all together in one highly efficient, foliar nutritional product. The fully chelated micronutrient package can be taken up either by foliar or soil absorption. The unique blend of ingredients provides quick greening to turfgrasses without rapid top growth.

Rate Recommendations

For professional use, apply twice a month as a foliar spray early in the morning or late in the day for best results. Allow foliar sprays to dry thoroughly before irrigation to insure even foliar uptake.

For Warm or Cool Season Turfgrasses:

Maintenance: 4 fl oz per 1,000 sq ft or 1.25 gallons per acre.

Renovation: 6 fl oz per 1,000 sq ft or 2 gallons per acre.

Overseeding: 8 fl oz per 1,000 sq ft or 2.5 gallons per acre, applied at least semi-monthly after seeds have begun to germinate. Most effective when used as part of an overall overseeding nutritional program.

Optimum rate of application will vary depending on treatment interval, soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and its nutrient requirements. For best results, follow soil/tissue test recommendation.

Mixing and Handling Instructions

Fill spray tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until spray solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

WARNING: Causes serious eye irritation. Causes skin irritation. Suspected of damaging fertility or the unborn child.

Precautionary Statements: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear eye/face protection and protective gloves/clothing. Wash thoroughly after handling. **First Aid:** *If in eyes:* Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. *If on skin:* Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical attention. If exposed of concerned, get medical attention. **Storage and Disposal:** Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store locked up. Dispose of contents/container in accordance with local regulations.

LIMITED WARRANTY: Brandt Consolidated, Inc. ("BCI") warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. BCI and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product. To the extent allowed by law, BCI and the Seller shall not be liable to the Buyer or User of this Product for any consequential, special, incidental or indirect damages.
