GUARANTEED ANALYSIS

Soluble Potash (K₂O) .......................................................... 13.0%

Derived from potassium hydroxide.

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:

1.00% Polyacryllic Acid
0.39% Sodium Polymethacrylate

F002331

This product is not considered hazardous under the U.S. OSHA 29 CFR 1910.1200 Hazard Communication Standard.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Refer to Safety Data Sheet for storage and disposal instructions.

GENERAL INFORMATION

Safe Zone is a liquid soil treatment to reduce soluble salts in the root zone. Salinity of the soil is measured by passing an electric current (EC) through the soil solution of a saturated soil sample measured in deciSiemens per meter (dS/m). The lower the deciSiemens (dS/m) of the soil solution, the lower the salt content of the soil. Levels of 4 to 5 dS/m are considered high enough to affect the yield of many crops.

Safe Zone can be used in all types of irrigation systems such as flood, furrow, low volume, drip irrigation, sprinkler, and center pivot to help move salts downward in the soil and away from the roots.

Safe Zone can also be sprayed on the soil surface and watered within 48 hours.

Safe Zone can be used to improve germination and water percolation, and allows for improved nutrient uptake, thus increasing yield.

Safe Zone over time allows the salt to percolate out of the root zone and increases the retention of soil moisture limiting the amount of salt movement upward and by reducing evaporation and increasing water storage in the soil.

APPLICATION RATES

The application rate will vary depending on several factors. Best results are usually achieved utilizing multiple applications as outlined below but not to exceed four times annually.

High Saline Soil with moderately sensitive plants 4 qts/acre
Moderate Saline Soil with moderately tolerant plant 2-3 qts/acre
Maintenance rates with moderately tolerant plants 1-2 qts/acre

Saline soils cannot be reclaimed by chemical amendments, conditioners, or fertilizers. An area can only be reclaimed by removing salts from the plants Safe Zone.

Most crops are highly sensitive to salinity stress in the germination and seedling stage and often become more tolerant once they have grown through this stage.

COMPATIBILITY STATEMENT

In all cases, it is recommended that a jar test for compatibility be conducted.

WARRANTY

Verdesian Life Sciences U.S., LLC warrants that this Product conforms to the specifications set forth on the label. This Product is reasonably fit for the purpose stated on the label when used in accordance with the label directions and instructions under normal conditions of use.

VERDESIAN NEITHER MAKES, NOR AUTHORIZES ANY AGENT, REPRESENTATIVE OR THIRD PARTY TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, AS TO THE CONDITION, QUALITY, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Neither the warranty of merchantability nor fitness for a particular purpose, expressed or implied, extends to the use of this Product contrary to label instructions or under abnormal conditions or under conditions not foreseeable to the Seller or Verdesian.

Limitation of Remedies. The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories), shall be limited to, at Verdesian’s election, one of the following: (1) replacement of the amount of product used; or (2) refund of the purchase price paid for the product; provided that Verdesian’s provision of (1) or (2) is conditioned on its first being promptly notified of such loss or damage in writing. Verdesian shall not be liable to the buyer or any other party claiming by, through, or under the buyer for any other losses or damages resulting or relating to this product, including but not limited to any direct, indirect, special, punitive, economic, incidental or consequential damages or loss of profits, whether in contract, tort or otherwise. Verdesian neither assumes, nor authorizes any person to assume for it, any other liability in connection with the sale, storage, use or handling of this product other than expressly set forth herein.
